

WORKING FROM HOME

MOODLE

You can access our Moodle site by typing its address into your browser
vle.clyst-vale.devon.sch.uk

Alternatively you can just Google **Clyst Vale Moodle**

When you are connected to Clyst Vale Moodle, log in with your school username and password.

SAM LEARNING

To use the online learning resources go to the SAM Learning site at
www.samlearning.com

Learners need three details to login:

School ID: EX5CV

User ID: Date of Birth followed by two initials (first and last name).
For example 010895 is the User ID for David Jones who was born on the 1st August 1995

Password: this is the same as your User ID if you have not changed it

MyMaths

To access this site go to www.MyMaths.co.uk

ACCESSING THE SCHOOL NETWORK

You can access all your network resources by using the Remote Login link on the Moodle homepage

You may have to choose to allow ActiveX controls; look out for a flashing message at the top of your web browser.

This will let you log in to the school network with your username and password again.

Once your desk top comes up you can work as if you were in school. The only thing you can not do is print or save to your home system. If you need a file on your home PC email it from your school email to your home email.

The folders of work to use if school is closed by bad weather are in **central resource library\School Closure Work**
